The Future of Human Rights and Climate Change

How is climate change shaping the future of human rights?

1. Potsdam Institute, *Turn Down the Heat* series, commissioned by the World Bank. There are three reports, but it is enough to read the Executive Summary of the Third Report, *Confronting the New Climate Normal*, 1-19 (as numbered).

How is international human rights law relevant to climate change?

And: look at the climate change page of the UN Office of the High Commissioner of Human Rights and the website of the UN independent expert on human rights and the environment
