

The EUI launched a call for expression of interest in the intent of compiling a list of medical doctors available to the EUI community.

The fact of being included in the list shall not give rise to any obligation on the part of the EUI or its members towards the physicians listed.

The EUI retains the right of verifying the information provided by the doctors who have replied to this call.

They are private physicians, and as they are practicing outside the Italian public health scheme (ASL), the visits must be paid for at the time of the visit.
